Discussion Of Discharge Thru St. Lucie And The Caloosahatchie Planned

Friday, December 18th, 9 A. M.
Date Set For Area Meeting

In response to numerous requests from individuals and organizations, a lake discharge was held at its principal tributaries and regulatory outlets, the District Engineer will hold a public hearing in the Civic Center, Stuart, Florida, at 10:00 a.m. (Eastern Standard Time), Friday, Dec. 18, 1953.

The purpose of the hearing is to discuss with local interests and to receive their views relative to the results of Lake Okeechobee and resulting discharges via its two principal outlets; the St. Lucie Canal and Caloosahatchie River, with a view to submitting such recommendations to the Corps of Engineers, Department of the Army, in Washington, D. C. for further consideration.

For your information, the lake is now regulated insofar as practicable between elevation 12.5 and 15.5 feet above mean sea level. All available outlet capacity is employed in maintaining the lake within this range. If the range is exceeded full outlet capacity is effected to restore levels to that range as rapidly as possible. Within those limits, it is the intent to conserve for beneficial use as much of the lake inflow as possible without causing an appreciable increase in the flood hazard. An outlet capacity is provided which protects the lake elevations as follows:

Period June 1 through October 15, Elevation (m.s.l.) 14.0
Period October 16 through October 31, Elevation (m.s.l.) 15.5
Period November 1 through January 31, Elevation (m.s.l.) 15.5.

Period February 1 through May 31, Elevation (m.s.l.) 15.0
Period June 1 through October 1, Elevation (m.s.l.) 15.0
Period October 2 through May 31 the lake level is gradually (Continues on Page Four)

City Commission Hires Texas Man As City Manager

The City Commission at its regular meeting Wednesday night selected Tom R. Carle of Burkhardt, Texas as City Manager.

Mr. Carle, 35, is a graduate of Texas Technical College and experienced as Manager of two Texas Cities. He will be paid \$6,000 per year as salary, plus a car allowance.

A petition signed by some forty local business men was presented to the City Commission by the Chamber of Commerce. The merchants asked the City to prevent more than one carnival before Christmas and not more than one after. The commissioners said they did not allow it to come at all. Discussion brought out that action has already been taken to restrict the appearance of more carnivals in some way will likely cure the evils complained of by the merchants.

The Commission ordered two houses which have been previously condemned to be torn down, and ordered another owner to remove a stairway or the building.

Four additional street lights were authorized, two on south east fourth, south of Avenue F and two Northwest Eighth, south of Hillsboro.

The movement to date, by bill is as follows:

	Wk.Sat.	Wk.Sat.
Wk.	N. End	S. End
Meats	26 165	40 250
Celery	0 0	53 60

as salesmen with Gilan Auto Supply in Fort Myers and the family will reside there.

Lt. Commander M. J. Wooley, who was overseas seven months and saw action in Korea, turned in his commission December 3, on the Carrier Lake Champaign. His wife is the former Elaine Freedman.

"Bob" Jameson writes to the Herald from Mannheim, Germany:

"First let me say I was very glad to receive the Herald. Gosh, even though I have been away for months, my thoughts often wonder back to those days in that town."

Maybe it was the Boy Scouts, or maybe it was the weather regardless of what I can truthfully say that they were wonderful.

(Continued from Page One) names that are very familiar and then again, those that I don't know. But I'm reminded of the great progress which Belle Glade is making. I'm sure by the time I return there again I'll find a great many changes which come with progress. I've got a lot of boys from Florida and when I asked if they know about a little town on the Southeastern shore of Lake Okeechobee, where farming and cattle raising goes on, I got the answer "Yeah, I used to drive a truck down there," or, "we bought some cows from a guy down there." Believe me, Belle Glade is very well known, even though it's not a city.

I guess that the boys are still giving the fellows "the old thrill" out on the lake. That's one thing my father and I do go back for. It's a great pleasure to see what the boys are doing. What they do on the lake can do for some people, especially my father. Maybe he has a lot of that black muck left in his shoes from those years he spent in that section.

I guess that being an old Army man myself, Luther, you'd like to know my impression of the Army. First I'll say I like the Army in most respects. I may say that for the G.I.'s money and would cut their friend's throat if they felt it was

**Recommended control
of wireworm and
other soil pests
... on all Florida
vegetable crops**

LAST YEAR aldrin established a fine record of soil pest control on Florida corn, sugar cane and sweet potatoes. Now aldrin is recommended by Florida Experiment Stations for use on every important vegetable crop in the state.

Aldrin gives you these
important control advantages:

1. Powerful killing action—all season freedom from soil pest damage with just one application.

2. Chemical stability—Aldrin remains stable regardless of the pH of the soil (acid or alkaline). This stability holds even when aldrin is mixed with fertilizer.

3. Can be applied two ways—in an admixture or in granules directly on the ground and harrowed in.

4. Low per-acre cost—a direct result of aldrin's high killing power.

So—for healthy crops get aldrin. Your fertilizer or insecticide dealer can supply you.

CITY INSPECTOR ON PANEL AT STATE FPZA CONVENTION

N. B. Willis, City Inspector, took part in the city county planning and table discussion Friday morning, when the Florida Planning and Zoning Assn. held their Third Annual Conference on Friday and Saturday, Dec. 4 and 5 at the Hotel George in Fort Lauderdale.

Miss Sara Creech was appointed on the State Legislative Planning Committee. C. A. Bailey, Mrs. Allie Oakie from Paheokee also attended from the Glades area.

R. F. Cook, director of the Dade County Planning and Zoning and Building Department, was named president of the Florida Planning and Zoning Association.

Problems of large and small metropolitan areas were discussed by retiring president Robert G. Geiger. Geiger won't wait by Sydene Carter, Augusta: Planning case histories in large cities James Mott, West Palm Beach; smaller cities by Robert Geiger, Perfecto Hernandez, to Miss Creech the planning and ordinances set up in Belle Glade have done much to clear the negro slum area here and larger cities are studying a basic setup similar to that of Belle Glade.

FLORIDA FACTORIES TURN OUT \$63,684,000 IN '52

Florida factories turned out products which sold last year for \$63,684,000 more than the cost of the raw materials.

This 1952 value added figure was 11 percent more than in 1951 and 72 percent more than in 1949. Comparable national gains were 6 percent and 44 percent respectively, the Florida Dept. of Commerce announced this week.

It was pointed out in this week's business review of the State Chamber's research and industrial division that the increase in value added reflected the value created by manufacturing processes. It is therefore a good measure of the effect of industrialization on the economy of the state. The \$63,684,000 difference between sales of manufactured goods and the costs of raw material supplies, fuel, electric energy and contract work.

During 1952 total employment, including all types of workers as well as those actually employed in production, increased 118,512, or 10 percent, and wages amounted to \$322,555,000.

This total employment was a gain of 13 percent over 1951 and was 42 percent more than in 1949.

Florida industrial payrolls were 18 percent above 1951 and 64 percent more than in 1949.

Our attorney, Mr. W. H. McLean, will be present at the sale.

A crew of nine sales persons are on hand to serve the public and all are experienced in their particular lines.

Mr. Harry Kessler, an experienced investment store operator for more than a score of years has moved his home and is set to grow with the Glades.

Our attorney, Mr. W. H. McLean, will support an institution such as ours in its effort to offer the type of nationally advertised items we have, been encouraged by the response we have received since our opening.

Mr. Kessler, said.

A visitor at Mr. Kahn's store this week is his father-in-law, Mr. Richard Ford, Robinson, County Sheriff. He is here to inspect the new building and to take an active participation in the family store. However, this gentleman expressed great confidence in the future of the Glades, recalling his start in business there in the early twenties and his start in South Georgia in 1892.

The BANKER'S STORY

What ever you have in mind that will require Capital, we have a savings plan that will fit your need.

PUBLIC URGED TO

(Continued from Page One) following information is given as a guide to mailers:

POSTAGE: Save time. Purchase your stamps in advance of the rush period. Prepay postage fully or in mail.

ADDRESSES: All mail matter must be plainly and completely addressed, preferably in ink, giving street address, including apartment number, if any, or post office box or route and rural route number whenever possible. Mail intended for delivery in the larger cities should be addressed to include the delivery zone number when applicable. The name of the town the sender's return address appears on the upper left corner of the address side. Avoid the use of address tags unless absolutely necessary, in which case a slip containing the name and address of the sender and the name and address of the addressee should be placed inside the parcel for the purpose of identification.

GREETING CARDS: Send holiday greeting cards as first-class mail to obtain the many advantages which this service affords.

Such greetings prepaid at the first class rate may be sealed and contain written messages; they are dispatched and delivered first; forwarded, if necessary, with additional charge, and if undeliverable, retained by the carrier, delivery being free. No further expense to the mailer provided the sender's return address is shown on the envelope.

Unsealed Christmas greetings sent in three-class mail without unauthorized writing enclosed are chargeable with 2 cents postage (if weight does not exceed 2 ounces). However, a maximum charge of 3 cents is applicable to greeting cards which measure less than 4 inches long or 2 1/4 inches wide.

Patrons having a number of greeting cards to deposit are urged to put them in bundles with address all faces one way containing the name and address of the sender and the name and address of the addressee. Such bundles should be deposited at the window with a clerk and not placed one by one in the drop.

PACKAGING AND WRAPPING: Pack articles carefully and tightly in strong containers. Wrap and tie pack-

ages securely with good quality tape and contain written messages; they are dispatched and delivered first; forwarded, if necessary, with additional charge, and if undeliverable, retained by the carrier, delivery being free. No further expense to the mailer provided the sender's return address is shown on the envelope.

PERMISSIBLE MATTER: Articles likely to spoil within the time reasonably required for transportation and delivery are not acceptable for mailing.

Although outlet discharge from the lake via St. Lucie Canal was reduced to about half capacity last week to enable field parties to collect water samples for testing, the discharge has been gradually increased to full outlet capacity of 8900 cubic feet per second, which was reached Wednesday (December 2).

For those mailers who may wish to expedite handling and delivery of these cards or gifts are the air mail, special delivery and express handling services or combinations.

Christmas gifts should be registered or insured. Parcels containing small articles of considerable value, such as watches and cameras, articles of jewelry, etc., should always be registered. For further information not here given, call the local post office.

Every possible means of insuring prompt service to utility companies will be taken. Additional trips to residential areas will be made daily when the quantity of mail warrants, by carriers who are learning to do an excellent job of distributing.

A fine group of prizes, donated by Paul Llewellyn and field captain Wally Braman of Jensen Beach were presented to these winners:

—10 year olds or younger —First — Tommy Mann, Belle Glade, 142; Second Tommy Culver, Pahokee, 83; Third — Sam Gamble, Belle Glade, 142; Fourth — W. L. Thompson, Pahokee, 63.

Ages 11 through 13 — First Wayne Gamble, Belle Glade, 142; Second — George McElroy, Pahokee, 145; Third — Donald Thompson, Pahokee 133; Fourth — Donald Grayson, Pahokee, 128.

Ages 14 thru 16 — First — Eddie Morris, Belle Glade, 179; Second — Tommy Smith, Belle Glade, 143; Third — David Stanford, Pahokee, 134; Fourth — Bobby Tansky, Belle Glade, 63.

All bow shooters are invited to take part in the next tourney

to be held in Pahokee in January. For information contact Coach Leland Keene, Pahokee or Hal Griggs, Ocoee Project.

OES STAGE ELECTION OF NEW OFFICERS

PERSONAL!

Dear Friends,

You asked for it, and we got it for you! Heptachlor — for control of wireworms on sweet corn, and other soil insects. Heptachlor is a wonderful insecticide, recommended by your State for wireworm control. It's the lowest cost insecticide available, is easy to apply, safe to handle. Heptachlor protects your crops all season long. That's why we're writing to you. Your neighbors are ordering Heptachlor, and we know you'll want some too. Come in, won't you, and we'll talk about it. We think you'll agree that Heptachlor is the answer to the wireworm problem.

Sincerely yours,

that's what thousands of farmers are saying this year. It's the common-sense method of soil care because you save those extra trips across the field while making application. And you'll find Heptachlor-fertilizer admixtures pay off many times in greater crop yields.

Heptachlor has been approved and recommended for controlling wireworms on corn and potatoes—grubs, cutworms, ants and many other soil insects. Your supplier will prepare Heptachlor-fertilizer admixtures on a custom basis with the proper amount of insecticide added to the recommended fertilizer rate. And you just apply at the recommended fertilizer rate using standard equipment. For fast action and really effective control, see your insecticide dealer today about an admixture for your crops—and be sure it contains Heptachlor.

to promote worthy development to encourage the development of character in pupils of Everglades Vocational High School. The chapter president is Laura Hart and the faculty representative is Mr. Oris Walker.

NFA News

Members of one section of the ninth grade class planted a small cabbage seed bed. After these plants get along they're thinned, high, and then transplanted to a permanent field.

Regular meeting of the NFA was held last Thursday night. Plans were made to recruit members of the chapter with points in judging swine, poultry, dairy cattle, beef cattle, and various field crops. We are making preparations early in order to have ample time to select a judging panel.

One class of our chapter has leveled off a strip of land of the old cane field which will be planted with grass. This is a part of our community beautification project. These boys also are becoming more acquainted with the handling of the tractor and tractor equipment.

The senior girls have just completed a six-week course in vocational agriculture. This course included:

- 1. Planting the home ground with flowers, shrubbery, trees and grasses.
- 2. Vegetable garden for the home.
- 3. Recognition of home planning.

4. Common breed of poultry.

- 5. Grades of eggs.
- 6. Classes and grade of milk.

Several field trips were made to near-by poultry farms, observing local poultry breeds. Plans are being made for this group to observe a local dairy, in the future.

Class 9B

The members of the 9B class had a short Christmas program on Wednesday, December 2, 1953. It was the first Christmas program of 1953 from Everglades Vocational High School.

The participants were: Robinson, Mildred Simmons, Dewey Jackson, Marvel Lou Bess, Norman Edwards, Alphonzo Walker and our piano player, Margaret Gordon, sang two songs: "White Christmas" and "Silent Night."

Fannie Robinson gave a reading. Sim Nelson read the Scripture Luke 2: 6-11 and said a prayer.

Milton Fayson was our guest speaker. He gave a talk about the birth of Christ, and the Value of giving and not always expecting to receive.

James Evans, our president introduced the officers of our class. The narrator of the program was Betty Jean White. The class sponsor is Coach D. Bythewood.

"The Last Game of the Season"

The victorious Bobcats played their last game of the season with the Gifford Tigers at the "Cane Field Classic" in Clewiston, Florida, on December 4, 1953. Roy Harris was caught by Sim Nelson for the first touchdown of the game, and also his first touchdown of the season. In the second quarter, a pass from our quarterback, Roy Harris, was caught by our end Sam Hamilton, for our second touchdown. At the end of the first half the score was 13-6 in favor of the Bobcats.

At the end of the second half the score was 13-6 in favor of the Bobcats. The half-time show was presented by EVH marching Band, Mr. M. L. Tolbert, director. In the third quarter Hoover Tolbert made the longest run of the season, 90 yards for a touchdown. Mackie Rivers made two touchdowns to make the score 30-6.

At the end of the fourth quarter Roy Tolbert was kicked by "Potor" our fullback. The half-time show was presented by EVH marching Band, Mr. M. L. Tolbert, director.

With more worth, when you buy it...
and more worth when you sell it...

it's your best buy!

More go
With V-8 or Six, you get more GO per gallon, than with Ford's Automatic Power Pilot. Only Ford in the low-priced field offers V-8 power... a low-friction Six.

More ride
With Ford's advanced front suspension, front end road shock is reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "smoothly" on the road, whether on boulevard or the rough back roads.

More drive
Fordinamic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers Overdrive and Conventional.

More looks
Modern, clean lines give your Ford styling setting beauty. And for eye-pleasing decor, you get exterior colors that harmonize with interior appointments. Ford's beautiful Crestline bodies feature the most visibility in Ford's field. And the way these bodies last is another reason for Ford's high resale value.

More advances
Ford alone in the low-priced field brings you the latest features of foam-rubber cushions on all seats, on all models... suspended pedals... Center-Fill Fueling... and optional Ford Master Drive power steering. You get up to 75% of the work when you turn or park. 60 SECOND SERMONS

By Fred Dodge
TEXT—"We are never deceived; we deceive ourselves."

—Goethe.

A laborer who went to work before daylight, sleepily put on his overalls backward. He was lying head down at the still sleepy when he mounted a ladder to reach the scaffold on which he was to work. Missing his step, he tumbled to the ground. A fellow-workman hurried to his side.

"Are you hurt, Joe?" he asked.

"I am not hurt, Joe," Joe said, "but I'm twisted somethin' awful."

It is a jolt to be deceived or misled. We become hurt and angry. We quickly have bitter criticism of the deceiver and tell everyone that he is not to be trusted. Let us not be too hasty. Maybe we put on our overalls backward. We may have been deceived, but we were willing to be deceived. How much should a thief be blamed if the jeweler leaves his doors and windows open all night? Many times labors or misadventures are our failure to put on our overalls properly invites deception. We have a responsibility in every deception that is practiced on us. Let us examine ourselves before we complain.

EPISCOPALIANS SEEK SITE FOR BUILDING

At the December meeting of the vestry of the Church of St. John the Apostle last Sunday night much of the discussion turned on the matter of finding a suitable location on which to erect a church building to accommodate the rapidly growing

congregation. Two pieces of property have already been offered. At the suggestion of W. D. Matthews it was voted to take all the information to present to a forthcoming meeting of the congregation. The committee appointed by the vicar, Father John Clarence Petrie, consists of E. S. Morris, G. M. Towne, and Rev. E. M. Lively. The committee is empowered to make a thorough search of the entire area in and about Belle Glade so that the new church will be the best possible for the future welfare of the church.

GET YOUR FRUIT CAKE FROM ALTAR SOCIETY

A third order for Old Fashioned Fruit cake totaling 150 pounds is expected to arrive in Belle Glade by December 17th according to Mrs. Helen Camerer, president of the committee which is handling the sale of this delicious delicacy for the benefit of the St. Philip's Altar Society treasury.

This is the first year the Society has undertaken the venture of selling cakes. The response of the public has been so enthusiastic 300 pounds have been sold to date. Due to the remarkable popularity of this traditional Christmas cake the Ladies of the Society have decided to make the fruit cake sale a yearly project.

The cakes come in both light and dark varieties. They are chock full of dates, cherries and nuts with just a sprinkling of citron. They weigh 3 pounds apiece and the selling price is \$3.00 per cake.

Orders may be placed with Mrs. Camerer at 2985 or with Mrs. Robert Muller at 3530.

CHURCH OF CHRIST, SCIENTISTS

How spiritual understanding of God's protective care brings freedom from accidents will be brought out at Christian Science Sunday School.

In the Lesson-Sermon entitled "God the Preserver of Man" passages f. o. m. "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be used.

"Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind in order to change the notion of accident to the proper sense of God's unerring direction and thus bring out harmony" (424.4).

The following selected ones will be among those read from the Bible:

"The Lord shall preserve thee from all evil: he shall preserve thy soul. The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore" (Psalm 121: 7, 8).

The Golden Text is also from Psalm 91: "Withhold not thou thy mercies from me, O Lord: let thy lovingkindness and thy truth continually pre-

serve me" (40:11).

CHRIST'S WITNESS TO HIMSELF BY FATHER PETRIE

"There is no other Christ than the Christ who is worshipped by the Church as God of God," said Father John Clarence Petrie last Sunday at the Church of the Ascension. "All that is a mistake to think Jesus can be honored as the highest of all human beings, but no more than human. Let any honest person pick up one of the four gospels and see what is implied by what Jesus said and did. Imagine a mere human being telling us, 'Come unto me all ye that are heavy laden and I will give you rest.' This is My Body. This is My Word." On "What two or three are gathered together in my name there am I in the midst of them." "Go in peace: thy sins are forgiven thee." "This day shalt thou be born into the world."

Joy to the World

Neither poet nor composer knew he was writing a Christmas carol

Of the statues in Westminster Abbey one is of Isaac Watts—frail, sickly, gentle-mannered literary genius of the early 18th century. Another is of George Handel, the great master of the keyboard and organ. Both were temperate masters of the keyboard and organ. Both men in their time had each other's backs. Handel's health had broken while he was preaching in London, and Watts had come to him to help him. In 1710 he wrote a hymn for 22 days and nights and came up with his immortal "Joy to the World." It was the first hymn to be published in the church as God of God.

It was in 1710 that marksmen five-foot Isaac Watts was shot in the eye and killed. He was 45 years old and had written almost 600 other notable hymns, "Alas, Did My Wrong Bleed?" "O Come, O Come, Emmanuel," "Hark! the Glad Sound!" "The Wondrous Cross." But a year later George Handel had died while he was preaching in London, and Watts had come to him to help him. Handel carried him out to his estate for a week's rest. Watts had written his hymn in 1710, and two years later writing children's verse, hymns and books on dozen subjects.

Two years earlier Watts wrote his hymn on the 86th Psalm and published it in his "Hymns and Psalms." It was a big hit there and he had written it in prayer in an old cottage in London. He was George Frederick Handel and he had written some of the world's greatest music.

It was in 1730 that Boston's choir director-composer Lowell Mason rearranged a portion of Watts' hymn and added a tune of his own. In 1740 after his visit of "a week" last 36 years he had written "Joy to the World" and a year later he was placed in Westminster Abbey. Eleven years later George Handel was laid to rest in the same crypt. Watts' hymn was chosen to be the memory of the genial genius who never forgot his debt to the man he got it from.

No man's life is sorrow and growth. He comes to make His blessings flow For as the curse is found.

He rules the world with truth and grace And makes His wretched ones happy. The glories of His righteousness And wonders of His love.

Keep while ye need it, brothers With honest zeal your Christ's mass sign, But judge not him who every morn Feels in his heart the Lord Christ born.

holiday and he could not help thinking it.

This is beautifully summed up in the last stanza of Hymn 170 in the Christian Science Hymnal:

"From him whose inward sight can pierce even the outward symbols disappear. From him whose inward sight can pierce even the outward symbols disappear. And small must be the choice of days To him who will let them all with praise. Keep while ye need it, brothers With honest zeal your Christ's mass sign,

But judge not him who every morn Feels in his heart the Lord Christ born.

OUTLINE FOR THE INTERNATIONAL UNIFORM SUNDAY SCHOOL LESSON

LESSON TOPIC: "One Human Race"

SCRIPTURE LESSON: Acts 10:15, 25-28, 34-45

By Rev. Robert Ford

INTRODUCTION: This week we have been thinking about making our world a better place. Today, we come to a problem that faces the world. We see a tension among the various races of the world. It is well that we consider the answer of Christianity, and then seek to practice it. God makes no distinctions among men. All distinctions are made inside and we cannot justify the many racial differences among men, but only one HUMAN RACE.

I. GOD LOOKS AT ALL MEN ALIKE—Acts 10:9-15

The separation of people, nowhere in me pronounced than in the Gentiles. Some make a race of his character to which he will not eat with you, talk with you, and walk with you; but I will not eat with you, drink with you, nor pray with you." This was the attitude of Peter toward the Gentiles, and God says that it is wrong. Such an attitude is prevalent today among those who profess to be Christians. I wonder if any man, but only one HUMAN RACE.

II. GOD DOES NOT ALLOW MAN TO BE WORSHIPPED BY OTHER MEN—Acts 10:25-28

No man is better than any other. Peter knew this and would not allow Cornelius to bow before him and worship.

III. GOD ACCEPTS MEN OF EVERY NATION INTO HIS KINGDOM—Acts 10:34-35

In this there is no caste or crest, but one great fellowship of Love throughout the whole wide world. If God will accept any man, without prejudice, who through repentance for his sin and faith in the Lord Jesus Christ; what right have we as mere men to set up barriers?

IV. GOD POURS OUT HIS HOLY SPIRIT ON EVERY RE-PENTANT BELIEVING MAN—Acts 10:44-45

CONCLUSION: The Christian has the answer for the tensions in the World today. Man must live together as brothers; and Christ is the means of their union. Men must live as brothers when they receive the New Birth. Testimony put it in these words:

"O for a man to rise in me, That the man I am may cease to be."

60 SECOND SERMONS

By Fred Dodge

TEXT—"We are never deceived; we deceive ourselves."

—Goethe.

A laborer who went to work before daylight, sleepily put on his overalls backward. He was lying head down at the still sleepy when he mounted a ladder to reach the scaffold on which he was to work. Missing his step, he tumbled to the ground. A fellow-workman hurried to his side.

"Are you hurt, Joe?" he asked.

"I am not hurt, Joe," Joe said, "but I'm twisted somethin' awful."

It is a jolt to be deceived or misled. We become hurt and angry. We quickly have bitter criticism of the deceiver and tell everyone that he is not to be trusted. Let us not be too hasty. Maybe we put on our overalls backward. We may have been deceived, but we were willing to be deceived.

How much should a thief be blamed if the jeweler leaves his doors and windows open all night? Many times labors or misadventures are our failure to put on our overalls properly invites deception. We have a responsibility in every deception that is practiced on us. Let us examine ourselves before we complain.
